Aloha Ms. Tran,
Hope this evening finds you well. Mahina is majestic in the night sky!

Believe it was May 3rd when you notified my kind and gracious attorney you dropped negotiations. You ended ho'oponopono, not us. Thus, he's not working on anything for me now. Please do not bother him. You are free to speak directly with me at any time — as I requested of Ms. Shana Bucu on February 27, 2019.

You chose not to be civil and professional with me. You drew First Blood. I'm just a simple peasant who loved his job, manager and team. You could have negotiated with me or us. You thought you could silence me. I'm just warming up. I have an army of over 25,000+ patients on medical cannabis in the 808 that you ban from working at HEI. Shame on you! You don't even know the difference between THC-COOH and Delta 9 THC. Not wise to bring a coco puff to a gun fight.

We are pau with this discrimination. It just takes one to light the fuse. One day you'll wish you would have chatted with me. Nation's on our side! 90% of Americans support legal medical cannabis. Dinosaurs were unable to adapt and evolve. See any around today?

Scott Goold Aloha teammate ... hope you will spread the word. Could use your assist. Took on Evil Queen of Hawaiian Electric today for banning 25,000+ medical cannabis patients from working at company. Social media can defeat her:

Join me!!! Today, I defended 25,000+ Medical Cannabis from the Evil Queen of Hawaiian Electric -- who bans anyone on this legal medication from working at the company in O'ahu, Maui and Big Island. She is a sick, twisted soul.

Please read and share! Kick her out of her job!!!

Join me #2: I asked for resignation of Honolulu Chief of Police for deceiving people about cannabis. Join with us to end these lies:

Join me #3: Evil Queen of Hawaiian Electric discriminates against 25,000+ medical cannabis patients, yet chairs board of Consuelo Foundation -- to help women and children. Evil Queen in not compassionate. Help kick her off board!

Hi Joe:

I hope this email finds you well. I've learned that your client has been reaching out to some of our employees. I would appreciate that, should your client have inquiries relating to this matter, that he works with you to discuss them with me, as opposed to going to our employees.

Thank you for your understanding.
